2 - What has been particularly effective about Juan Uribe's approach to teaching in this course?

Response Rate	10/71 (14.08%)

• N/A

• n/a

• Juan Uribe was the most helpful TA I have had at Brown in the past three years. Not only was he willing to stay extra after his office hours ended, he was also willing to reply to emails throughout the week to answer lingering content questions. Similar to the Professor, Juan Uribe was able to simplify course content and make it more accessible to students who knew less or had trouble understanding.

• Juan has made helpful comments on problem sets that clarify any mistakes in students' thought processes.

• Punctual and helpful.

• Pablo was very patient and responsive during office hours to answer students' questions.

• helpful grading comments

• He took a lot of time to explain concepts during office hours

• na

• He was very responsive to and respectful of students' questions.

3 - What specific advice would you have for Juan Uribe about changes that would enhance your learning?	
Response Rate	10/71 (14.08%)

- N/A
- n/a
- no changes needed at all.
- I have no advice that would enhance learning from Juan.
- Not sure.
- Juan might need to be more prepared for homework questions during OH.
- n/a
- Sometimes the explanations were kinda distant from the homework so it was hard to connect the explanations to the assignment at-hand. That connection is helpful because it allows me to see the concept in practice.
- Be slightly more prepared and communicate with professor chay to know what he expects from us.
- Try not to interrupt people while they're talking.

2 - What has been particularly effective about Juan Uribe's approach to teaching in this course? How did this TA contribute to your learning after the course transitioned to remote learning?

Response Rate	7/71 (9.86%)

• Great guy

• Fast email responses and his TA hours were very helpful - thank you!

• N/A

• Juan is very responsive and eager to help.

• HIs availability and promptness to help students even outside the hours of his office hours.

• Juan was always available over email!

• Juan was always available for questions and was very timely in his answering of emails, which was crucial for when we were forced online due to a virus that may or may not be deadlier than the flu.

ECON1370-S01: Uribe, Juan Pablo(TA):   Grading was slow, and sometimes the comments/feedback on the papers were vague and unhelpful. I think a more clear rubric/assessment guidelines would've been very helpful.
ECON1370-S01: Uribe, Juan Pablo(TA):   Didn't really give good, clear feedback on what could have been better in the papers or how to do better in upcoming papers.
ECON1370-S01: Uribe, Juan Pablo(TA):   They provided good feedback on submitted work.
ECON1370-S01: Uribe, Juan Pablo(TA):   n/a
ECON1370-S01: Uribe, Juan Pablo(TA):   I did not have any interactions with the Teaching Assistants.

ECON2330-S01: Uribe, Juan Pablo(TA): Juan held office hours and provided feedback on our assignments (some of which was constructive and helpful). There generally weren't rubrics or answer keys, which could have been helpful.
ECON2330-S01: Uribe, Juan Pablo(TA): I didn't go to the one section that JP held, but he was kind enough to post notes. He was great about answering emails and explaining questions I had, and the feedback he left when he graded was actually useful!
ECON2330-S01: Uribe, Juan Pablo(TA): Very helpful, plus insightful comments in the problem sets corrections.

ECON2330-S01: Uribe, Juan Pablo(TA): It's a lot of grading, which I know is hard. This is more a course comment and less a TA comment, but posting solutions to homeworks (or at least the trickier coding pieces of homeworks) would be appreciated!
